THE HISTORY OF THE

REPUBLIC OF THE

UNITED STATES OF AMERICA

The history of the Republic of the United States of America is a story of growth, struggle, and achievement. From the first European settlements to the present day, the nation has evolved through a series of challenges and triumphs. The early years were marked by the search for a stable government and the expansion of territory. The American Revolution was a pivotal moment, leading to the birth of a new nation based on the principles of liberty and democracy. The subsequent decades saw the growth of a powerful industrial and agricultural economy, but also the emergence of social and political tensions that culminated in the Civil War. The Reconstruction era followed, a period of profound change and struggle for equality. The late 19th and early 20th centuries were characterized by rapid technological advancement and the rise of a new era of imperialism. The 20th century has been a time of global conflict, social transformation, and the pursuit of a more just and equitable society.

SHEWETH: Whereas your Petitioners pray that the attached bill be adopted in order to achieve the progressive realization of the right to land and housing. We have already engaged the Executive led by the President of the Republic of Namibia on the 24th JULY 2015. Our concerns as addressed in the bill attached hereto have not been addressed to date despite promises and undertakings to do so.

Seeing that we are not aware of any petition brought to the National Assembly on the same issues, we have resolved to file same with the Speaker of the National Assembly. In any event, we are of the view that the National Assembly has been complicit in the oppressive legal and socio-economic regime that continue to suppress our people and subject them to a state of being landless, homeless, subjected to arbitrary evictions and harsh a rental market and inhuman living conditions on farms and informal settlements.

AND YOUR PETITIONER is duty bound to pray that the attached bill be adopted by the National Assembly.

DATED THE 18-03-2019

TO: THE NATIONAL ASSEMBLY

SHEWETH: Wheareas we, the undersigned Petitioners, recognize the inherent dignity and the equal and inalienable rights of all Namibians. Whereas we recognize that the progressive realization of the right to land is inherently interlocked with the right to our people's dignity. Whereas our people have for so long been subjected to a state of landlessness, arbitrary evictions and inhumane living conditions. Whereas our people continue to suffer and perish under oppressive colonial laws and proclamations regulating land in our country. And whereas we recognize the passiveness and spectator approach adopted by the National Assembly which continues to stand by quietly, without any objection and thereby continues to play a complicit role in this oppressive machinery. Whereas we have resolved to restore the dignity of our people.
