Further, to find workable solutions to increase agricultural output through irrigation and drip irrigation to promote mechanized agriculture and improve our agricultural value chains. Lastly, for the Government of the republic of Namibia to initiate funding to purchase community pumps drawing water from these rivers, and matters incidental thereto.

### IV. **Hon. Hengari:**

That this Assembly –

*Debates* the following and the Motion be referred to a Parliamentary Standing Committee for further scrutiny and report back.

Namibia is confronted with a significant economic and cultural challenge, with over 80% of music aired on local radio stations originating from foreign sources. This trend directly contributes to a considerable outflow of royalties, resulting in the financial marginalization of Namibian artists. The ramifications of this trend extend beyond mere financial losses, impeding the growth and sustainability of our vibrant local creative industry. By prioritizing foreign content, we restrict opportunities for job creation within our own borders.

Additionally, the cultural impact is significant. Foreign content diminishes Namibia's cultural identity, limiting the portrayal of local stories in our media. This erosion of cultural distinctiveness underscores the importance of Parliamentary intervention to safeguard and celebrate Namibian culture.

V. **Hon. Van den Heever:**

That this Assembly –

*Debates* the accessibility and affordability of alcohol and drug rehabilitation centres in Namibia and consider the establishment of more State-owned alcohol and rehabilitation centres that offer affordable services to all Namibians.

That this Motion be referred to the relevant Parliamentary Standing Committee to propose recommendations to this august House after conducting diligent work on the subject matter.

VI. **Hon. Katjimune:**

That this Assembly –

*Debates and considers* merging the National Youth Council (NYC) into the National Youth Service (NYS) into one single body to put an end to the duplication of responsibilities, programmes, resources and overlapping policies around the same issue affecting the youth demographic.

That this motion be referred to the relevant Parliamentary Standing Committee for further scrutiny and report back to this House.
